

First Baptist Church Sutherland Springs, Texas, Building Project outline and image credit

CUTLINE: First Baptist Church Sutherland Springs, Texas, will undertake construction on two new buildings beginning in May. The buildings—a worship center seating 250 people and an education building—will be completed in early 2019. Pastor Frank Pomeroy shared details of the plan with media on Tuesday, March 27th. FBC Sutherland Springs was the site of one of the worst mass shootings in United States history when a gunman took the lives of 26 worshippers on Nov. 5, 2017. Another 20 church members were injured in the attack. Details and opportunities to donate to the effort can be found at restoresutherlandspings.com or namb.net. *Image by Myrick Gurosky and Associates, provided by the North American Mission Board.*
